

Real Estate Market Overview 2007

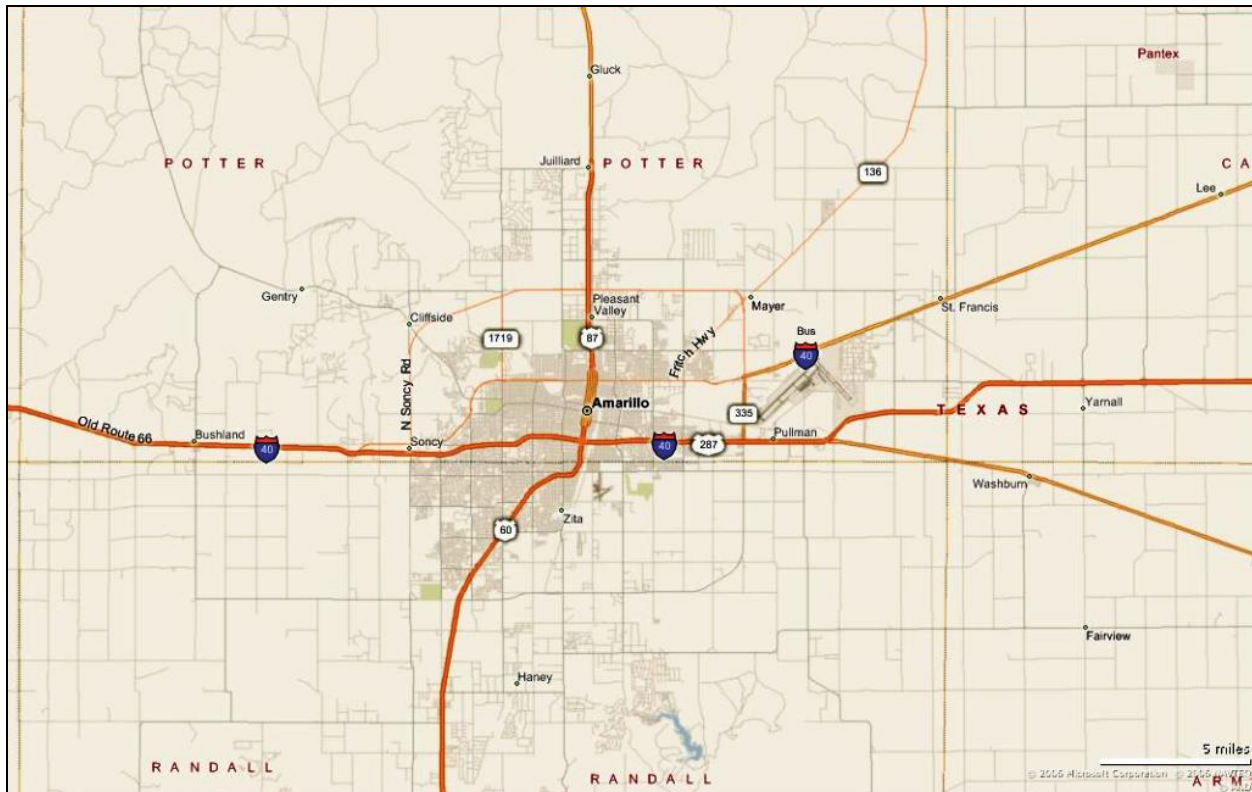

Amarillo

Amarillo, which is home to the Big Texan and its famous 72-oz. steak, was first settled in 1887. Rail growth through the 1890s allowed Amarillo to become the world's greatest cattle-shipping market. Over the years, Amarillo has developed a reputation for being a hard-working town built on agriculture and energy production. Amarillo has the world's largest natural gas development and provides pipelines to many large cities and thousands of towns connecting through to the Atlantic seaboard. The world's second largest gas field is also being developed in the area. Amarillo is a regional retail and health center that serves parts of Oklahoma, New Mexico and Kansas, as well as the Texas Panhandle.
